ABOUT

I have been working with web development since 2010, the period during which I have worked in different environments, from start-ups to consultancy companies.

I am a self-motivated and self-taught professional who likes solving problems.

Perpetual student, curious, meticulous, I appreciate the beauty of simple, natural and efficient solutions.

EXPERIENCE

7/2019 – present
Full time

Software engineer

European Commission

Hired under the behalf of a consultancy company as a software engineer consultant.
Working at Digit B.4 (*Software Engineering Capabilities*), in charge of building a PHP competency center.
In that team, I'm responsible for helping clients migrating from ColdFusion to PHP, providing help, custom bundle and packages, custom assistance and short-terms consultancy missions.

Nix / Symfony / Doctrine / API Platform / Oracle / Docker / InfrastructureAsCode

6/2015 – 6/2019
Full time

Software engineer

European Commission

Hired under the behalf of a consultancy company as a software engineer consultant.
Working at Digit D.3 (Digital services), on the NextEuropa and OpenEuropa platforms running respectively Drupal 7 and 8.

PHP / Drupal / MariaDB / Docker

Before 6/2015

This is the public and short version of my CV. Please ask the full version if needed by sending an email.

EDUCATION

Distinction

Bachelor's Degree

Haute Ecoles en Hainaut

IT and systems, specialization in network and telecommunications

2018 – 2021

Music theory

Académie de musique de Nivelles

Musical instrument: piano

CERTIFICATES

01/2020

Certificate

The Linux Foundation

Blockchain: Understanding Its Uses and Implications

09/2015

Certificate

Acquia

Acquia Certified Developer

09/2015

Certificate

Acquia

Acquia Certified Back End Specialist

LANGUAGES

French - native

Anglais - proficient

Italian - proficient

Dutch - rudimentary

HOBBIES

Besides my work and the geek stuff, I'm currently fulfilling a childhood dream, I'm learning music and piano! I love photography and I learned by myself most of the secrets of a reflex camera, just for fun. I swim a lot and I also really like riding my mountain bike.

NON PROFIT

Contributor in many open-source projects, especially in PHP, Symfony and Drupal.
I'm also an OpenStreetMap user and contributor.

FAVORITE QUOTES

- "Simplicity is the ultimate sophistication." —Leonardo Da Vinci
- "Only when the last tree has been cut down, the last fish been caught, and the last stream poisoned, will we realize we cannot eat money." —Indian author
- "We may regard the present state of the universe as the effect of its past and the cause of its future. An intellect which at any given moment knew all of the forces that animate nature and the mutual positions of the beings that compose it, if this intellect were vast enough to submit the data to analysis, could condense into a single formula the movement of the greatest bodies of the universe and that of the lightest atom; for such an intellect nothing could be uncertain and the future just like the past would be present before its eyes." —Pierre Simon de Laplace
